Novelties Will Be Features of So. Calif. Fair

Riverside Event Sept. 27-Oct. 2. Will Provide Unique Entertainment

Riverside, Sept. 8.—A new departure in the way of entertainment is to be tried out at the fifteenth annual Southern California fair at Riverside, September 27 to October 2. Instead of holding a percent or set show, each evening of the fair will be given over to a diversified program, featuring some of the highest priced attractions in the West. There will be a complete change of program every night, with the exception of the headline acts, so that practically a new show will be offered every night.

Word was received today from Oscar Crowell, president, who has been in Sacramento at the State Fair, that he has closed with some of the major attractions there, and whose only appearance in Southern California will be at the Riverside fair.

Roman Warren, cowboy aviator, whose sensational feat of flying under the bridge near Riverside two years ago attracted nationwide attention, will appear in a new night flying flaming airplane "stunt." In addition he is planning a wild horse chariot race, something never introduced in the Southland before.

Vandeville of the highest order will be given between the main features of the program. "We are going to offer the finest entertainment it is possible to obtain," said Mr. Crowell. "No expense will be spared to make it the finest program we have ever put on. Some of the numbers will be put on in the afternoon as well as at night."

Although the fair is three weeks away, the exhibit space in the agricultural tent is practically all taken. Among the countries which will have exhibits are Los Angeles, Sacramento, Orange, San Diego, Lassen, San Bernardino, Humboldt and Carlsbad.

A real plan service, Consolidated Lumber Co.—Adv.

PROPER PREPAREDNESS is sometimes necessary for self protection. One of our friends was telling us that while he was at the club a burglar entered his house we asked him if he got anything and he replied: "You bet he did—my wife thought it was me coming home." Prepare now by giving your plumbing and heating required attention. Our plumbing service is the source of rectifying your troubles at cost that is decidedly reasonable.

Build and Live in Torrance Offering About Everything Heart Could Wish

Seldom is as much attractiveness, both within and without, assembled in a small house plan as there is in this one. It is one of those exceptional designs that win you at a glance. Examination of the floor plan only emphasizes this conviction. Here is space utilized to its last inch, with every consideration for convenience and comfort and nothing omitted. It is in every sense a finished product.

Dropped into any surroundings, with its walls of common brick, its roof of Spanish tile, its graceful lines and its decorative timbering, it is a picture of good taste and workmanship. It seems to cling to the ground with a peculiarly appealing effect which is heightened by the evergreens and low shrubbery that line the wall base. Few small homes could be made more genuinely attractive all the year round.

From the front slope of brick and cut stone one enters an enclosed vestibule in which is a conveniently located coat closet. The living room is large, well-windowed, provided with an open grate for wood fires, and is amplified by a comfortable living porch roofed in pergola effect, a distinct feature. Directly back of the living room a dining alcove replaces the dining room proper, amply large for all ordinary needs. At one end a built-in china cabinet is a distinct advantage. To the rear is the kitchen, just the right size for convenience, well lighted and the entire side of the house off-ventilated, with all the usual accessories. In the rear entry, three steps down to a landing at the top of the basement stairway, is a place for the refrigerator. The two sleeping rooms take up the entire side of the house off-

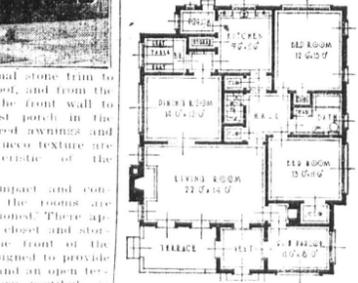

the small hall reached from the living room. These rooms are of good size, with ample closets and well lighted. The bath is at the rear of the hallway. An expansive linen closet is built in just off the bathroom entrance.

Recent guests of Mr. and Mrs. H. S. Grate of Lucile street were Mr. and Mrs. A. S. Menessee of Rialto.

Born Friday, September 2, to Mr. and Mrs. Monroe Gamby of Moon street, a daughter.

Charissa, 10 year old daughter of Mr. and Mrs. Al McDonald of Brethren street, fell while skating, Saturday, and broke her wrist.

Mrs. Walter Tappin, senior and Mrs. Ed Tappin are visiting friends in Bisbee and Clifton, Ariz.

The plan is compact and convenient, although the rooms are generously proportioned. There appears to be ample closet and storage space, and the front of the house has been designed to provide both a sun porch and an open terrace. The two-story vestibule is an unusual and interesting detail character which is distinctly evident in this interesting residence, from its doorway with formal stone trim to the Spanish tile roof, and from the unusual lines of the front wall to the open breakfast porch in the rear. Bright colored awnings and a rough cement stucco texture are generally characteristic of the Spanish type.
